

Employee Directory

Individual Contributor & Leadership Records

Document Number	NTS-HR-003
Version	9.4 — Q1 2026 Refresh
Effective Date	January 20, 2026
Document Owner	People Operations Team (Human Resources)
Classification	Internal Use Only

Table of Contents

1. About This Directory

This directory lists all employees on record as of the effective date above, including title, department, manager, office, project staffing, skills, and tenure. Entries are grouped alphabetically within department for ease of lookup. Secondary project assignments reflect fractional staffing (typically 10-30% allocation) and may change more frequently than this document is republished; ResourceHub is the system of record for current-week allocation.

Note: two directory entries below correspond to different individuals who share the same or a near-identical first and last name. Always confirm identity using the Employee ID column before acting on directory information (e.g., provisioning access, routing an escalation).

2. Cloud Engineering — Employee Records

John Smith • NX1022

Job Title	Talent Acquisition Specialist
Department	Cloud Engineering
Office	Seattle
Manager	Priya Menon (NX1012)
Email	john.smith@nexatechsolutions.com
Phone Extension	4994
Years of Experience	4
Previous Employer	PwC
